

# PATCHPLUS CONSULTING INC.

WHEN EXPERIENCE MATTERS...PATCHPLUS DELIVERS!

## ABOUT PPC

PatchPlus Consulting Inc. is a Service Disabled Veteran Owned and Woman Owned Small Business (SDVOSB/WOSB) est. in 2002 with a singular purpose: to continue to make a difference to the Warfighter. The breadth and depth of our technical experience spans the DoD, Joint, Air Force and Navy communities. Our commitment to excellence and unwavering Warfighter focus helps our customers meet and exceed their mission goals--on time and within budget.

100% of PPC's recognized subject matter experts (SMEs) in Intelligence, Surveillance and Reconnaissance (ISR), Space, Cyber, Command and Control/Battle Management (C2BM) and Airlift Operations fields are military; many have over 20 years' experience and some are still serving. Over 40% of our SMEs are graduates of the U.S. Air Force Weapon School--the premiere schoolhouse for AF tacticians. 90% of our employees have Bachelor's Degrees, over 60% have Master's Degrees and 4 have PhDs. 100% our personnel possess TS/SCI security clearances.

2 North Main St. Suite 203B

Medford, NJ 08033-2460

## TRAINING IS OUR PASSION

Many of our SMEs are award-winning instructors with experience teaching at the AF Cyber Effects Operations, AF intelligence initial skills course, and in numerous Intelligence Formal Training Units (IFTU), USAF Weapons School, Air University and ROTC programs. Our experience in instruction and curriculum development, courseware, technical writing, technical editing, exercise and scenario development and execution ensures we provide practical, meaningful, hands-on training for the next generation of Warfighters.

## WE CONNECT TECHNOLOGY WITH OPERATORS

PPC has extensive experience bridging user, acquisition and industry communities. Our ability to integrate an operational perspective in support of technology development and employment helps reduce risk and enable transition success through frequent developer interaction. We support lifecycle management with developmental planning and Joint Capabilities Integration and Development (JCIDs) experience. Our SMEs have experience with a wide range of industry cybersecurity technologies.

## WE KNOW TRADECRAFT

We know Cyber, ISR, Space, Command and Control and Air Mobility Operations tradecraft because we have lived it. Our industry credentials and subject matter expertise is highly sought after as we develop handbooks and tactics, techniques and procedures (TTPs); provide inputs to doctrine; create and execute scenarios; influence Cyberspace, ISR, Space, Command and Control and Air Mobility Operations operational exercises; and advise units and staffs as they improve readiness and accomplish their missions.

Since inception our dedication and uncompromising service to our DoD customers has enabled us to win new contracts as well as multiple exercised options on our IDIQ contracts.
